

Rodeo Roundup

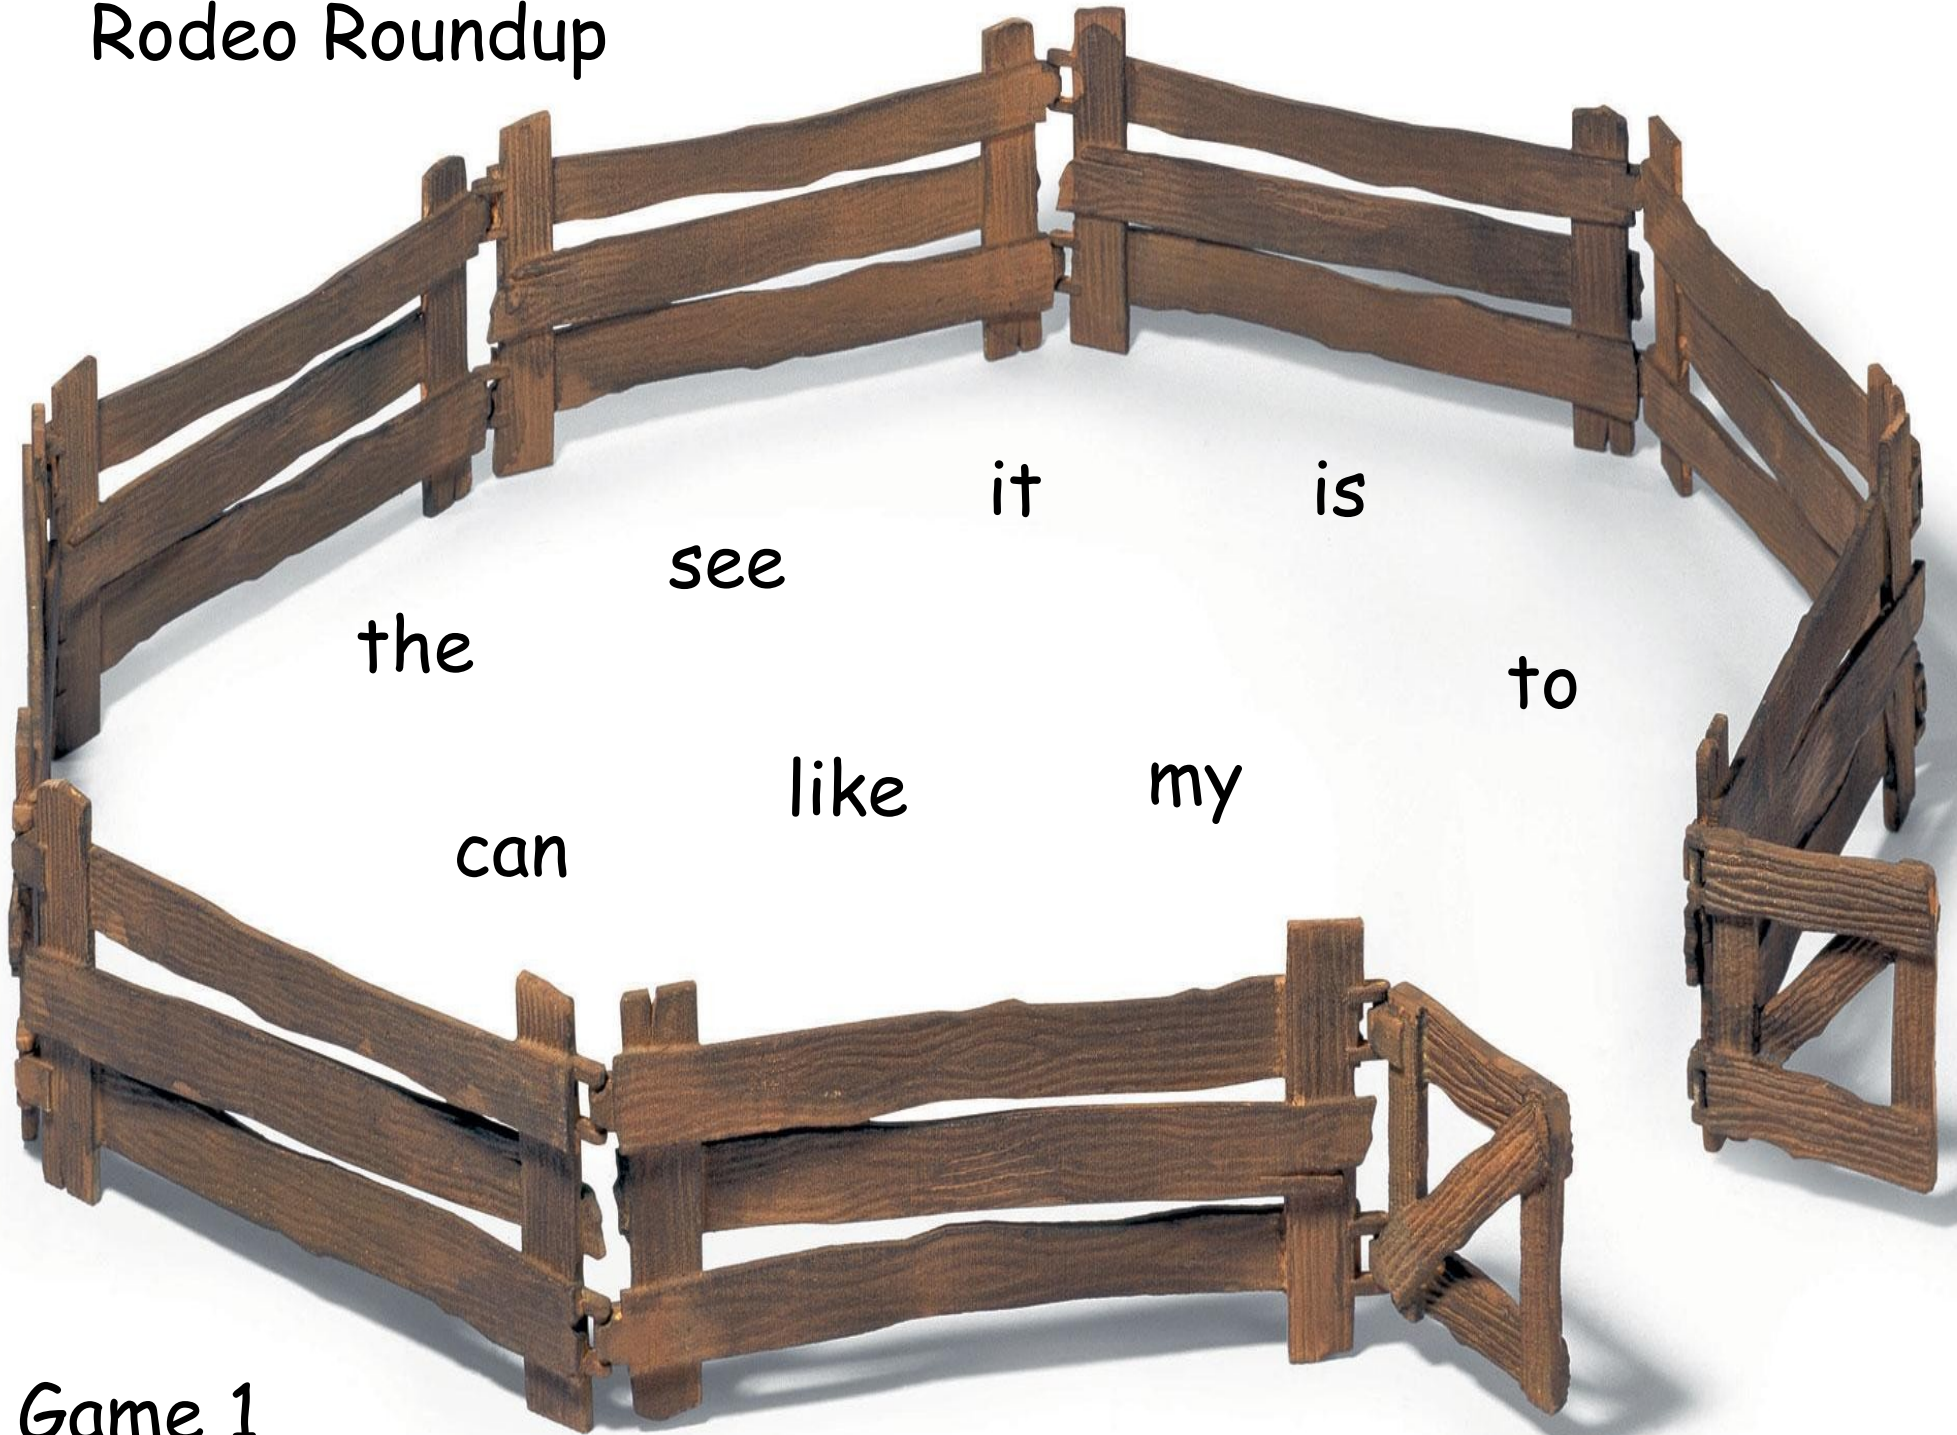

Welcome to the rodeo!

Please help the cowboy round up the horses by reading and matching sight words.
Game has 3 levels of play with three different sets of sight words in each level.

Directions:

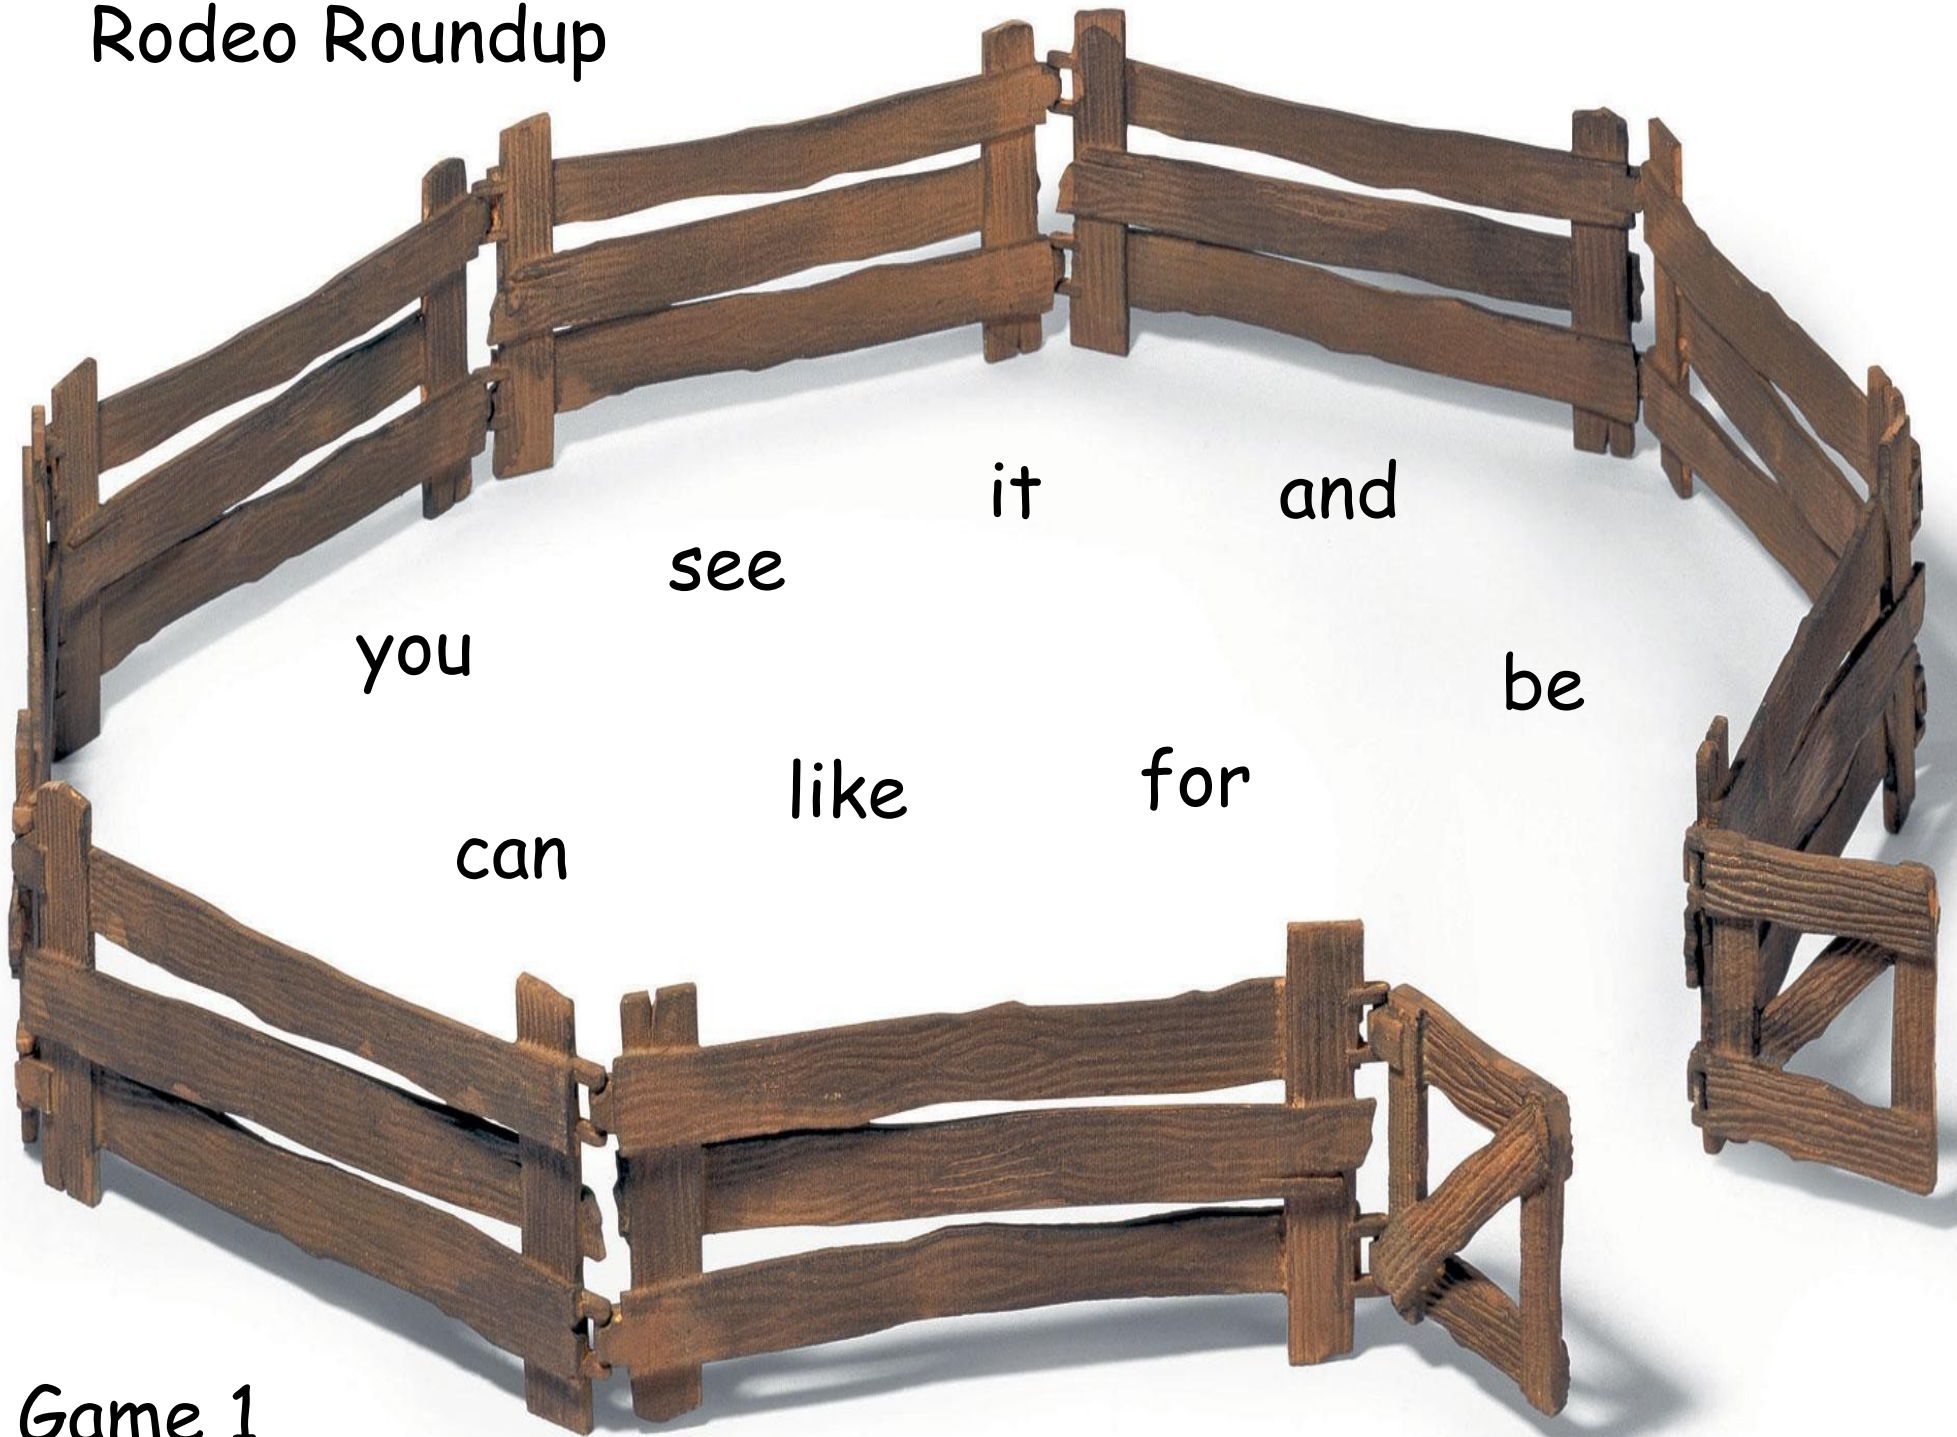

1. Choose your level of play. Print game boards, sight word cards, and horses.
2. Cut apart sight words and horses.
3. Turn sight words over. Player 1 picks a sight word and reads the word. If the word matches a word in the corral, the player can cover the word with a horse. Player 2 repeats this process.
4. Draw a wild card—player gets to read and cover up any word in the corral.
5. Draw a take one away card—player must remove one horse from the corral.
6. Winner is the first person to cover up all the sight words in the corral.
