The information contained in this handbook is the result of a special effort on the part of the faculty and administration to communicate to students the importance of proper conduct as part of a meaningful educational experience. This handbook has been carefully prepared and presented so that it will serve as a guide to help each student become a contributing member of our school.

The purpose of education is to help each student achieve success and become a productive citizen in a democracy while fostering a sense of self-worth and a respect for others. By developing and accepting the responsibilities and obligations of good citizenship, you will be able to participate fully in the world of tomorrow. We hope that you will find enjoyment in the varied activities offered at our school. They will not only enrich your present world, but will also prepare you to live a better life and eventually take your place in our complex and exciting society. Remember your success in this school will be directly proportional to your effort.
CODE OF STUDENT CONDUCT

The Harmon Middle School staff strives to develop a positive, pleasant environment where students can learn. We believe that an orderly atmosphere is conducive to learning and that students must know the expectations we have for them and must accept responsibility for their behavior. Students are responsible for understanding and following all of the rules contained in this handbook, along with any other guidelines published or announced during the school year. The following information will provide you with a clear understanding of our expectation for all students at the Harmon Middle School.

BULLYING, HAZING, OR INTIMIDATION

Bullying, hazing, or intimidation of any kind is unacceptable and the school will not tolerate these acts. Students participating in this type of behavior will be administered discipline according to state guidelines and school board policy.

DRESS

Although the major responsibility for proper grooming rests in the home with each student and his/her parents, the school has certain concerns based on consideration of health, safety, and the maintenance of a school atmosphere, which promotes study and learning. When a student’s appearance becomes disruptive to the school environment, or in the opinion of the school’s professional staff violates health or safety regulations, or is not in keeping with appropriate dress for school wear, or violates commonly accepted standards of modesty, parents will be contacted to bring to school appropriate clothing.

Learning to dress appropriately for specific situations is an important lesson for young people. We encourage our students to develop a sense of what is in good taste. The following guidelines are provided to promote understanding in the area of student dress.

- No article of clothing should be worn which distracts from the educational process.
- No clothing or jewelry that promotes or advertises alcoholic beverages, tobacco, drugs, or weapons is acceptable.
- No clothing or jewelry that contains obscene, profane, or sex-related words or symbols is acceptable.
- No pajama pants or shirts are permitted to be worn at school.
- Yoga pants and leggings must be worn with fingertip length tops. No spandex or skin-tight shorts, or shorts intended as undergarments may be worn.
- Coats and jackets designed for outdoor wear may not be worn in class. Hats and any other head coverings should remain in the locker during the school day.
- Shoes must be worn at all times. Sandals, flip-flops, and similar open footwear are not permitted.
- Shirts and blouses are to be worn appropriately buttoned.
- Halter tops, tank tops, bare midriff tops, sleeveless tops, mini-skirts or shorts fingertip length, tops that expose shoulders or a portion of back, and other garments of this type are unacceptable.
- No article of clothing or jewelry shall be worn which defames any person, group, the school, community, or the nation.
- No article of clothing or other item that might represent non-school student fraternities or gangs may be worn. Gang-related symbols or writing on body parts, notebooks, clothes, etc., are not permitted.
- Pants which sag excessively and restrict safe movement or which drags on the floor are a safety concern and are not appropriate at school.
- No jeans with holes above the knees can be worn.

**NOTE: SCHOOL OFFICIALS RESERVE THE RIGHT OF INTERPRETATION OF THIS DRESS CODE AND WILL MAKE THE FINAL DECISION ON THE APPROPRIATENESS OF CLOTHING AND APPEARANCE.**

**LOCKERS AND PROPERTY SEARCHES**

School officials are authorized to search a student or his/her property (including vehicles, purses, book bags, gym bags, etc.) with or without the student’s consent, whenever the school officials reasonably suspect that a search will lead to the discovery of evidence for a violation of law or school rules. The extent of the search will be governed by the seriousness of the alleged infraction.

Student lockers are the property of the school and students have no reasonable expectation of privacy in their contents or in the contents of any other school property including desks or other school containers. School officials may conduct random searches of the lockers and their containers at any time without announcement.

The school may use, at its discretion, unannounced and random canine (Police Dogs) searches of school property including the parking lot and student cars to insure the safety, order, and discipline of the school.

Anything that is found in the course of a search that may be used as evidence of a violation of school rules or the law can be taken, held, or turned over to the police. The school reserves the right to not return any confiscated items.

Students are expected to keep lockers reasonably neat and clean. Downstairs lockers and locker rooms are not accessible until 7:45am.

**SECURITY**

Students have no reasonable expectation of privacy in their actions in public areas including but not limited to commons areas, hallways, cafeterias, classrooms, and gymnasiums. The school may use video cameras in such areas and on all school vehicles transporting students to and from regular and extracurricular activities.

Students violating the Student Code of Conduct as seen on video cameras may be subject to disciplinary action. The video of the student in violation will remain confidential because of the fact that if any other students are on the video their privacy must be protected. In the event of a criminal prosecution, the video may become evidence at a criminal trial and therefore will probably end up becoming public. Under such circumstances, the tape is under the control of the courts not the school.

**CAFETERIA INFORMATION**

A good menu is offered daily. Students may purchase a full lunch or part of a lunch for a reduced price. Luncheon can be a pleasant break in the school day; but, for all students to enjoy this time, appropriate behavior must be observed both in the cafeteria and in other areas of the building and
grounds. During lunch, students are under the authority of the staff members who supervise the cafeteria. The following are important cafeteria rules and guidelines:

A. Students are assigned to a specific time for lunch. Students are not permitted to switch lunch periods on their own.

B. Enter and leave the cafeteria in an orderly manner. If you are buying food, wait courteously in the appropriate line.

C. Each student is responsible for properly disposing of his/her wrappings and leftover food, and for making sure that the tables, chairs and floor in his/her area are kept clean. Properly wiping the tables is part of this responsibility.

D. Good manners are as important at lunchtime as they are in classes. Do not run, push, or shout in the cafeteria or during lunch recreation.

E. Students should remain seated while eating lunch.

F. Students will remain seated until their table is dismissed, after it has been wiped clean.

PARENT INVOLVEMENT
A. We firmly believe that the home and school must be partners in helping students learn and become responsible citizens. Parents and guardians should know that members of the school staff will frequently seek their assistance in working with students who are not performing at expected levels. This will be the practice in areas of student conduct as well as in academic areas.

B. Parental support of school authority can be an important part of helping students grow and develop into the fine young adults whose conduct will be a credit to both their family and the school.

C. Parents who have an interest in becoming more active in the middle school educational community can do so by volunteering through the PTO.

ATTENDANCE
The Aurora City School District has amended and adopted policies that are required by law. In accordance with Ohio law (see House Bill 410) the parent, guardian, or other person having care of the child is responsible to see that the child is in school. The district is required to notify the parent, guardian, or other person having care of the child and the child when the student is determined to have excessive absences. The Ohio Department of Education and House Bill 410 define *Excessive Absences* as:

- a. Absent 38 or more hours (equivalent to approximately 6.5 days) in one school month with or without a legitimate excuse;
- b. Absent 65 or more hours (equivalent to approximately 11 days) in one school year with or without a legitimate excuse.
The Aurora School District believes there is a positive correlation between academic achievement and school attendance therefore students need to attend school every day. Attendance is extremely important for a student to experience success. We realize that your child may have been absent from school for a valid reason, however, these absences could adversely affect your child’s grades and their achievement in school. The classroom instruction hours your child receives from her teacher cannot be duplicated or replaced.

For a tardy or an absence to be deemed EXCUSED, you must present a doctors note. ONLY: personal illness, medical/dental appointment, or emergency circumstances approved by the Principal/Asst. Principal. A written warning will be issued for the 1st unexcused tardy for the semester. Additional unexcused tardies in one quarter may result in the following disciplinary action:

1st Offense  Written Warning
2nd Offense Meet with Principal
3rd Offense (2) Working Lunches (Café Duty)
4th Offense (2) A.M. Detentions (7:15-7:50)
5th Offense (1) Saturday School
6th Offense (1) Day In-School Suspension
7+ Offense Juvenile Court Referral truancy

The administration reserves the right to determine whether an absence is excused due to the uniqueness of the absence circumstances. After a student has accumulated 87.45 hrs of absences, a physician’s note will be required for any absences to be excused.

PLANNED ABSENCE

Students who will be missing school due to a planned absence must submit the form prior to the absence. Failure to do so will result in the absences marked as unexcused. Teachers, when possible, will provide students with assignments that they are missing prior to the planned absence. Students must return the completed assignments upon returning from the planned absence. If a teacher does not provide the work before the absence, the student will have the number of days missed to complete all assignments and assessments from the period of the planned absence.

REC TIME
Students have the opportunity for rec time opposite their lunch. The following guidelines are important to understand:

A. Rec time is a privilege. Any student missing classwork is not permitted to participate in rec time.

B. Students may have rec time removed for academic or disciplinary reasons.

C. Students should have appropriate outer wear (coats, jackets, gloves, hats, etc.) for outside activity.

D. Appropriate behavior (no pushing, shoving, hitting, etc.) is expected. Students are expected to share equipment.

AFTER SCHOOL ACTIVITIES
Students are encouraged to support their fellow students as positive and encouraging fans. However, students are not permitted to wander on school property without adult supervision. Students without supervision will be removed from the building until the events begin.

WITHDRAWALS
If possible, the office should be notified in advance if you plan to withdraw, even in the summer. You should obtain a withdrawal form from the office the morning of the last day of attendance. This form should be shown to each teacher. At that time, the teacher will collect your textbook along with any fees owed and complete the information requested on the form. After you have reported to your last class, bring the form to the office. Final report cards will be held until all books are returned or paid for.

MEDIA CENTER
The Harmon Media Center is your source for locating books, accessing technology assistance, and collaborating with peers in a variety of formats and media. With about 2,500 hardbound fiction and 1,500 soft cover fiction titles, the Harmon fiction collection supports a variety of units in both Reading and Language Arts curricula.

Books may be checked out for two weeks and then renewed if needed for a longer time. There are no fines for materials returned late, but students who have overdue materials may not check out another item until they return the items that are late. Students will be charged the cost of lost or damaged materials.

USE OF CHROMEBOOKS
Chromebooks are useful tools which can enrich the learning experiences available to students. Students who abuse this privilege by damaging or destroying hardware or who use their Chromebook for inappropriate or illegal purposes will lose the right to use the technology and may face serious disciplinary consequences. In this regard, students should know that:
A. Harmon students are able to use their Chromebooks in the library and other areas for a variety of educational purposes. Chromebooks are useful tools which can enrich the learning experiences.

B. Student access to the internet and related off-site information services will be strictly monitored and limited to approved educational activities.

C. No student will not have access to the internet without a signed parent-permission form on file.

D. Students who copy or erase files belonging to others, etc., will face serious disciplinary consequences for stealing and/or destruction of school property.

Should students commit any violation or misuses of their Chromebook, their access privilege may be revoked and school disciplinary action may be taken. The Chromebook is to be treated no differently than any other district-owned piece of equipment. It should not be altered or used in a manner that is not aligned with the district policies and procedures. The Chromebook is an educational tool not intended for gaming, social networking, or high-end computing.

**Technology Fee & Deductible**
The Technology Fee for next year will be $28/student. There will also be a deductible fee for each incident a Chromebook is returned for maintenance (a factory defect will not count as an incident).

The rates will be as follows*:

1. 1st Incident- $20
2. 2nd Incident- $50
3. 3rd Incident - full replacement cost
4. 4th Incident - full replacement cost
5. 5th Incident – loss of privilege of taking Chromebook home

*Subject to change

In the event that a student purposely damages their Chromebook, they must pay the full price of the Chromebook in order to receive another one. Students that owe a deductible fee will not be reissued a Chromebook until the fee is paid.

Students who bring in their Chromebook this fall for maintenance will be given a replacement regardless of their status for this years Technology Fee up until the end of the 1st quarter. After that timeframe, any Chromebook returned for maintenance will be withheld until the fee is paid in full. Students who owe a deductible fee will have to pay their Technology fee as well to be reissued a new Chromebook.

**Distribution**
Each student that surrenders their Chromebook for the summer will be reissued their original Chromebook. Students who did not pay their Technology Fee will not have theirs reissued until the fee is paid in full. Chromebooks will be reissued at the Schedule Pick-Up day at AHS.

**STUDENT USE OF SCHOOL PHONE**
A. Students are only allowed to use the office phone in case of sickness and emergencies.
B. The phone in the commons area is to be used before school, during lunch, or during after-school activities. *(Cell phones are not permitted to be used during the school day, except as required for educational purposes at the teacher’s request. Otherwise, they should be off and in student lockers.)*

**ITEM DROP OFF**
Please use the cart outside Door #1 for any item dropped-off for your student. The cart is checked multiple times per day; therefore, notifying us when you leave something is unnecessary.

**VISITORS**
With times having changed rather drastically in terms of security and other concerns, it is preferred that visitors make appointments in advance of coming to the school. Contact is not necessary for item drop off. When entering the building, however, it is important to note that **ALL VISITORS ARE REQUIRED TO REPORT TO THE MAIN OFFICE, BY DOOR #1, AND RECEIVE A VISITOR’S PASS.** Visitor parking during the day is limited to the parking against the grass area. Do not park in the middle of the parking lot.

**EARLY DISMISSAL**
If your child needs to leave early, please have him/her bring a note to the office and we will issue them a pass that will enable them to leave their classroom and meet you in the office. You must come to the office to sign your child out. No child will be released to anyone who is not on their emergency medical form unless their parent or guardian has made special arrangements with the office. This is for the child’s safety.

**DISPENSING OF MEDICATION**
A. It is the policy of the Board of Education to require written physician verification of student needs for medication during the course of the school day and, in turn, written parental permission for school personnel to supervise the consumption of the medication. **This includes non-prescription (over the counter) medication.**

B. If it is necessary for a student to take medication during school hours, the medication must be left with the school nurse. All medication must be in its original container with complete directions on the affixed label. The school will not assume responsibility for application of ointment, change of dressing, or injections. No medication (including Tylenol) will be given without proper forms being on file in the school clinic/office. Forms can be picked up at the office.

**STUDENT SURVEYS**
Occasionally for a good purpose, our students are asked to respond to school-approved survey questions developed by a third party. Parents have a right to inspect any survey created by a third party before that survey is administered by the school to students. In addition, parents may opt their child out of the activity if they desire to do so. For further information, please refer to Aurora Board of Education Policy JOA. If you wish to preview surveys or opt your child out of approved third party surveys, please contact your child’s school office.
TRANSPORTATION

PICKUP / DROP OFF - All students are assigned to buses at the beginning of each school year. If for any reason a parent needs to drop off or pick up a child, the parent is requested to do so in the rear parking lot, not the bus loop or staff parking lot.

BUS PASSES - No casual bus passes will be issued. If an emergency bus pass is needed, an Alternate Bus Stop form must be completed and submitted to the school office. These forms are available online.

CURRICULA INFORMATION

PROGRESS REPORTS Interim progress reports will be computed at the end of the first four weeks of each grading period. Please use the PIV to access updated grade information. Hard copies are not sent home.

REPORT CARDS
Report cards are issued two times a year at the end of each semester on the dates listed in the school calendar. Report cards will go home with students at the end of the first semester and will be mailed home at the end of the year. If the student has debts, overdue books, or other unpaid obligations, those fees roll forward until paid.

ATHLETIC ELIGIBILITY
In order to participate in interscholastic athletics and extra-curricular activities, students shall meet the following criteria:

A. During the preceding grading period, if a student receives a grade of an F in any class, that student is ineligible to participate in interscholastic athletics for the entirety of the current marking period.

B. If tryouts for an athletic team take place during the period in which a student is ineligible, that student will not be able to try out for that team and participate in the current season

C. The eligibility or ineligibility of a student continues until the end of the 5th (fifth) school day of the next grading period, at which time the grades from the immediately preceding grading period become effective. EXCEPTION: Eligibility or ineligibility for the first grading period commences with the start of the fall sports season.

D. The eligibility of a transfer student must be established by school records or verification from the sending school. The responsibility for establishing eligibility remains with the receiving school.

E. An athlete must be in school at least half of the day in order to participate in the practice or contest of that day. Unusual or extenuating circumstances will be examined by the building principal/assistant principal.

HONOR ROLL
At the end of each report period, honor roll lists are prepared. In order to qualify for the honor roll, students must have a 3.5 or better.

**ACADEMIC ASSISTANCE**
Teachers conduct extra help sessions called “lunch bunch” each week. Each day at lunch during recess time, there is time for students to receive help. Often times Saturday School is made available for the same purpose.

All teachers have voice mail and e-mail. When situations arise where communication with a teacher is necessary, please feel free to call anytime. Each grade level has their homework posted on the Harmon web page under **Homework Hotline**. Students are also given planners to write down assignments.

**PARENT COMMUNICATION**

**A. Parent Viewer** – Every parent will be provided a password allowing them to access their child’s grades. Teachers will make weekly attempts to update student’s progress.

**B. Morning Announcements** – Announcements are posted daily on the Harmon web page under the [www.aurora-schools.org](http://www.aurora-schools.org) website.

**C. All Calls** – As important dates approach or if there is significant information that needs to relayed to parents a call will be sent home. Please make sure we have your up-to-date phone numbers.

**STUDENT DISCIPLINE AND ZERO TOLERANCE POLICY**

**Introduction**
The Aurora City School District Board of Education recognizes that effective discipline is essential if all students are to attain a quality education. Therefore, the District shall have a zero tolerance for violent, disruptive, or inappropriate behavior, including excessive truancy. In carrying out this zero tolerance policy, the District shall use strategies ranging from prevention to intervention to address violent, disruptive, or inappropriate behavior. The Aurora City School District Board of Education delegates to school officials and administrators the discretion to determine, on a case by case basis, what strategy shall be employed to address a student’s violent, disruptive or otherwise inappropriate behavior. The Board further authorizes school officials and administrators the authority to take the additional steps necessary to implement these strategies and generally to enforce District policies/regulations and school rules governing student conduct.

A complete statement governing or describing all of the relationships and processes involved in student discipline would be impractical. However, the District believes the most important ingredient in maintaining a positive climate for student discipline is the relationship of the teacher and the principal in discipline situations. Teachers must feel free to consult and work closely with the building principal in any situation in which they may need guidance. This working relationship is one key to desirable discipline and to maintain a quality instructional atmosphere.

The Board also believes that the teacher-student relationship in the classroom, halls, and on school property is important and should always be one of mutual respect. The teacher will be recognized as the person in authority at all times in the classroom, halls, buildings, on school grounds, and at school-related events.
Each case of unsatisfactory behavior by a student will be handled individually. The classroom teacher may take the steps he/she feels are justified in each case. If the student does not respond to these measures, or the severity of the behavior so requires the teacher will then refer the student to the principal.

In discipline matters, the Board expects that whenever a problem appears to extend beyond the classroom, the teacher will discuss the problem with the principal. The teacher, or teachers, and the principal will work together in attempting to control or correct the situation.

The Board of Education considers school discipline as the controlled behavior of an individual whereby responsibility is assumed for one’s actions in accordance with socially accepted conduct and the District’s rules, regulations, and school policies. Student conduct must be within the bounds of law and order and must respect the rights of others as individuals.

Good discipline is systematic, ordered learning. In the school setting, good discipline helps to promote self-discipline as an habitual way of behaving. Good discipline is not a matter of punishment but rather involves the development of a structure, which provides the best opportunities for the child to learn, achieve, and develop emotional social maturity on his/her own.

Discipline permits children, their peers, and faculty to live together in harmony in a social unit without sacrificing individual independence. The end result of proper discipline during the formative years will be an individual who can live and work with others, and who is fully able to assume the responsibility for mature self-discipline.

Parents or guardians have the primary responsibility for establishing and maintaining positive discipline with their children. While students are in school, however, teachers and administrators must act in the place of parents (in loco parentis) to maintain discipline.

Teachers, bus drivers, and other members of the various school staffs are responsible for the care of students and the day-to-day operation of the school. They are expected to make every effort to correct and effectively resolve disciplinary problems that occur within their range of responsibilities; therefore, they shall have the authority necessary to maintain a proper learning climate, including, but not limited to, the use of reasonable force to prevent and stop any act which interferes with the scholarly, disciplined atmosphere of the school. Teachers are also expected to employ sound, preventative measures and to avoid provoking negative behaviors. They may call upon other school personnel to help in discharging their responsibilities and may refer students to the building administrator who shall be responsible for determining the necessity, and the nature of, any additional discipline.

Since the school and the home share responsibility for the education and discipline of students, it is important that they work closely together. Each school staff has an obligation to be fair, honest, reasonable, and consistent in its dealings with students. Parents have an obligation to be cooperative, reasonable, and honest in working with school personnel. Only by developing mutual trust and respect can the school and the home work effectively together toward the best interest of the child.

Teachers and administrators are assured of the prompt and decisive support of the Board of Education in cases involving incorrigible conduct. Likewise, the Board of Education expects the support of the professional staff in maintaining an orderly educational climate for learning.
Circumstances In Which Student Discipline Is Appropriate

As detailed below, students are subject to school disciplinary action up to and including emergency removal, suspension, and expulsion for any and all action(s), which directly affect the good order, efficiency, morale, management, and welfare of the school. Students shall be subject to discipline for misconduct occurring in any of the following situations:

1. while in school, on school grounds, or in sight of school premises during, immediately before or immediately after school hours (including schools where the student is not in attendance);
2. while on school owned, leased, or operated buses or vehicles;
3. while waiting at school bus stops, walking to and from school bus stops or walking to and from school;
4. while engaged in or attending school-related activities, whether on or off school grounds;
5. while on school grounds, at any time when school premises are being used by the school or by school-related groups;
6. while engaging in any conduct which directly affects the good order, morale, management, and welfare of the school.

Basic Elements of School Discipline

The maintenance of school discipline and proper behavior is essential to the establishment of a proper learning environment. All professional employees and students are responsible for maintaining good discipline within the school setting.

A breach of discipline occurs whenever the conduct of a student substantially and materially interferes with the maintenance of a proper learning environment. Acts of behavior which tend to conflict with the educational program or which are antagonistic to the welfare of other students, the staff, and/or the system will not be tolerated.

School authorities cannot accept liability and responsibility for a student’s health, safety, and welfare unless the student conforms to the specified standards of good conduct.

In order to maintain a proper learning environment, students committing serious breaches of discipline will be removed from the school setting in accordance with the student suspension, expulsion, and exclusion procedures. See Policies JGD, JGD-R, JGE, and JGE-R.

Students may be subject to emergency removal, suspension, and/or expulsion for any of the following reasons:

1. Disruption of School/False Alarms
   A student shall not, by use of violence, force, noise, coercion, threat, harassment, intimidation, fear, passive resistance, or any other conduct, cause, attempt, or threaten to cause the disruption or obstruction of any lawful mission process, activity, or function of that school. Neither shall any student urge other students to engage in such conduct for the purpose of causing, attempting, or threatening to cause the disruption or obstruction of any lawful mission, process, activity, or function of the school.

   Misconduct prohibited by this rule includes, but is not limited to:
   A. occupying any school building, school grounds, or part thereof without proper authorization;
   B. blocking the entrance or exit of any school building or corridor or room therein;
   C. setting fire to, attempting to set fire to, damaging, or attempting to damage any school building or property;
   D. preventing or attempting to prevent any teacher, student, or administrator’s lawful and appropriate physical act or verbal utterance, the convening or continued
functioning of any school, class, or activity, or any lawful school meeting or assembly on or off school property;

E. preventing or attempting to prevent students from attending a class or any school-sponsored or related activity or event;

F. except under the direct instruction of a principal or other authorized school personnel, blocking pedestrian or vehicular traffic on school property or at the site of any school-sponsored or related activity or event;

G. continuously and intentionally making noise or acting in a manner which attempts to or does interfere with a teacher’s ability to conduct a class or extracurricular activity;

H. making, by telephone call, letter, electronic, or other means, a threat to damage or destroy any school property or to disrupt any school-sponsored or related activity, function, or event on or off school grounds;

I. activating or attempting to activate the alarm system in the absence of a fire; or

J. engaging in any activity or conduct which endangers students, employees or guests at the school.

2. Damage, Destruction or Theft of School or Private Property

A student shall not cause or attempt to cause damage to school property or to personal property of students, teachers, school personnel, or other persons. Neither shall a student steal or attempt to steal property or participate or attempt to participate in the unauthorized removal of property either on school grounds or during a school-sponsored or related activity, function, or event off the school grounds. The prohibition of this Section includes, but is not limited to, intentional damage or destruction of computer hard drives or materials stored on a hard drive, any form of computer piracy, and any improper usage of the Internet or other on-line agencies.

Pursuant to R.C. 3109.09 and R.C. 3109.091, a student and/or their parent or legal guardian shall be held financially accountable to the Aurora City Schools for any damage, destruction or theft caused by their child.

3. Assault/Fighting/Hitting

A student shall not cause physical injury or behave in any way, which could threaten to cause physical injury to other students, professional staff, employees or guests who are visiting the school or attending any Board of Education-sponsored and supervised activity. This includes, but is not limited to, fighting, hitting, and other inappropriate touching.

A student who assaults a school employee or other student whether on or off school property, or at a nonschool-sponsored or related activity, function, or event may be subjected to discipline. In accordance with Ohio Revised Code Section 3313.66, a student may be subject to suspension or expulsion from school if the Superintendent has reasonable suspicion the student’s continued presence in the school will significantly disrupt or interfere with the educational process, or significantly endanger the health or safety of the students or others.

4. Profane, Vulgar, Abusive, Improper Language, Improper Gestures, or Sexual Misconduct

No student shall use profane, vulgar, racially or religiously derogatory, abusive, or otherwise disrespectful language in any school building areas during school hours or at any school-sponsored or related activities or events. Neither shall any students use profane, vulgar, or other improper gestures or signs, nor engage in any socially or sexually improper behavior.

5. Smoking

No student shall possess, use, conceal, sell, offer to sell, buy, offer to buy, transfer, or distribute any tobacco product including, but not limited to cigarettes, cigars, snuff, and chewing tobacco.
Neither shall any student aid any other student in using, selling, or distributing any tobacco product including, but not limited to, cigarettes, cigars, snuff, and chewing tobacco.

6. Narcotics, Alcoholic Beverages, Stimulant Drugs, and Inhalants and Paraphernalia
   A. During school, summer school, travel on any school-provided transportation or at any school-sponsored activity held on or off school property, students shall not knowingly possess, buy, sell, use, supply, transfer, apply, or be under the influence of any mood-altering chemical of any kind, including alcohol. Students are required by law to regularly attend school. A student shall not be absent from school or an assigned location for all or part of any school day without school authorization and parental consent, and shall be considered truant when he/she is absent from school for any portion of the school day. Excessive tardies shall also be considered truancy.

When the building principal advises the Superintendent that a student of compulsory school age has been absent without legitimate excuse for more than 10 consecutive days, or a total of at least 15 days in any term or semester, the following procedure will apply:

A. The Superintendent will notify, in writing, the student and his/her parent, guardian, or custodian that information regarding the student’s absences has been provided to the Superintendent, and that, as a result, the student’s driving privileges will be denied. This notification will also state that the student and his/her parent, guardian, or custodian may appear before the Superintendent or designee to challenge the information provided to the Superintendent.

B. The notice from the Superintendent to the student must set forth the information received and must include the date, time, and place of the hearing. The hearing must be scheduled between three and five days after the notification is given, unless an extension is requested by the student, parent, guardian, or custodian and is granted by the Superintendent. If granted, the Superintendent must notify the student, and the parent, guardian, or custodian of the date, time, and place of the new hearing.

C. At the hearing before the Superintendent or designee, the student will have an opportunity to present evidence that he/she has not been habitually absent without legitimate excuse. Under Ohio law, “legitimate excuse” includes, but is not limited to:

1) enrollment in another school or school district in Ohio or another state;

3) a bodily or mental condition that prohibits attendance under R.C. 3321.04; or
4) participation in a home instruction program in accordance with R.C. 3321.04.

Such notification must be given to the registrar of the BMV and the juvenile judge within the two weeks of the receipt of the information regarding habitual absences or, if a hearing for the student is held, within two weeks after the hearing.

Notification to the registrar of the BMV and the county judge must comply with R.C. 3319.321 and the Family Educational Rights and Privacy Act of 1974 (FERPA), and accompanying regulations.

The registrar of the BMV is required to suspend the temporary instruction permit or driver’s license of any student who is the subject of such a notice. If a temporary permit or license

The denial of a student’s driving privileges will remain in effect until the student reaches age 18 or until the denial is terminated for another reason allowed by Ohio law. In accordance with Ohio law, a student whose driving privileges have been denied can file a petition with the juvenile court in the jurisdiction where he/she resides.
